2021

Participate
and win
2500 euro!

HOW IMPACTFULL IS YOUR PROJECT OR START-UP?

Groenpact organises the Impact Award
Green Education 2021.

The world needs green solutions!

Did you create a smart solution during your Dutch
green education? With impact in one of these areas:

Food transition

Greening the cities

Sustainability

Climate

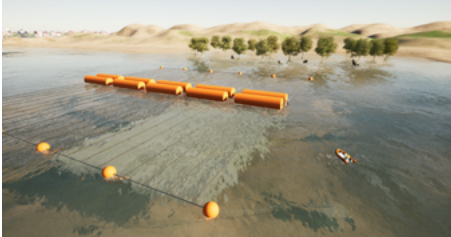

Circular agriculture

Biodiversity

More info:

Participate in the 2021 Impact Award Green Education.

PROJECTS & START-UPS

In 2020 or 2021 you have done a project or research, which had an impact on food, climate or livability. You did this together with fellow students.

Or you have started a start-up during your studies with impact in these areas.

Both large and small projects and start-ups can participate. All initiatives that prove the importance of green solutions are welcome.

You simply register online.

WIN

There are four categories: vmbo-green, mbo-green, hbo-green and green university. There is a prize of €2,500 in each category!

The prize will be awarded at an event, which will take place on February 17th, at Hogeschool Inholland Delft.

PARTICIPATE

Go to the website and complete the registration form before November 8th. You will also find more information about the procedure, the conditions and the assessment criteria.
